Daily Collection Report

SCHOOL ACCOUNTING SOFTWARE

EVI School accounting software module allows you to easily manage the money flowing in and out of the institution. Manage your Fees vouchers, sales invoices, while keeping expenses in check. Record, monitor and reconcile your bank accounts and transactions, and collaborate with your accountant in real-time. Most importantly, Accounts management module in EVI helps you make better, more informed and stay on top of your annual budgeting.

Inbuilt Features of EVI School accounting Software:

Ledger: Useful to track various internal funds like student activity funds to athletic or faculty funds. EVI offers unlimited number of accounts, sub-accounts with at most performance.

Daybook: Helps to maintain a descriptive and chronological record of day-to-day financial transactions.

Receipts day book

out for money received and payment daybook for money paid out

Daily Collection report: The daily collection report displays all transactions, student's payments, for the day or date range.

Balance Sheet: Provides the statement of the financial position of the institution which states the assets, liabilities etc. in a particular point in time.

- The Income Statement, which shows the net income for a particular period of time such as a month, quarter, year or any particular time interval.
- The expense statement shows the movements of cash and cash equivalents in and out of the institutions.

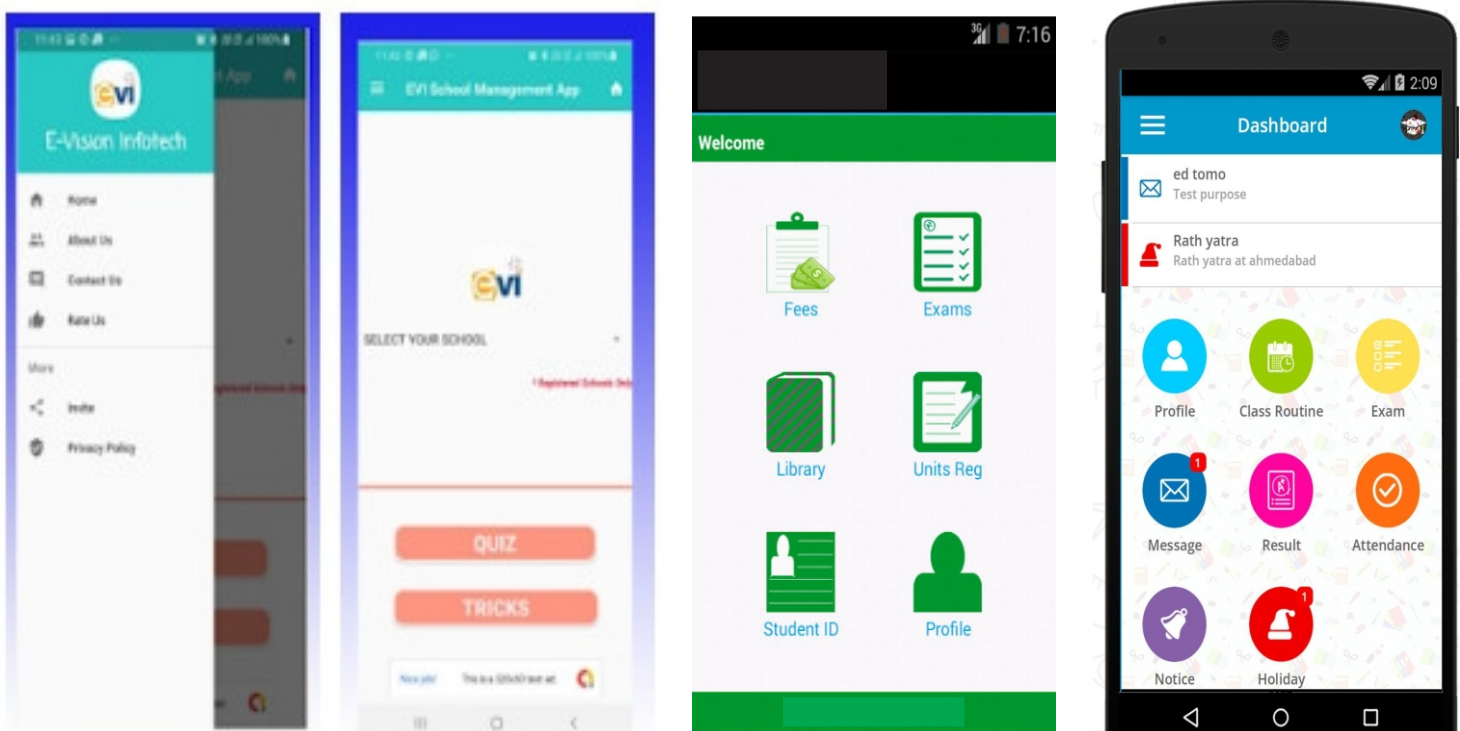

Trial balance: It is now Simple with EVI to get the list of closing balances of the ledger accounts on a specific date for the preparation of financial statements.

- For every debit entry recorded, a corresponding credit entry has been registered in accordance with the double entry concept of accounting
 - The account balances are accurately extracted from accounting ledgers
 - Assists in identification and rectification of errors
 - Balances related to assets and expenses are presented in the debit side whereas those related to liabilities, income, and equity are shown on the credit side.
- Quick display of the sum of all debit and credit balances.

MOBILE APP

EVI mobile App covers every question a parent might want to ask and a school might want to answer. If you own a school, then you know what it feels like when there is a horde of calls coming to your administration team. The App allows school administrators, teachers and parents to stay connected at all times. It has comprehensive features ranging from user control management to multimedia messaging.

Our mobile App for schools help administrators in a variety of ways. Send a message via voice, text, email, or social media when on the go. Reach busy parents with your most important messages. Keep your learning community connected and engaged. It's all possible with EVI mobileApp.

Annigeri Shikshan Sounsthe

Desai – Admin

We have used Their Demo for a month and finally decided to buy the software. The school management software helped us to manage our day to day administrative activities, highly recommended"

Mallasaj English Medium School – Dharwad

Vinay Nadager – Admin

"Best and affordable school management system, We are using it for a while and satisfied with the software. It has simplified our administrative tasks to a great extend and we would certainly recommend Evi"

DGM Ayurvedic College – Gadag

Suresh –Office Admin

I have found EVI School Management System to be a highly reliable vendor to us when we embarked on the EVI in 2018. i am pleased with their good customer service and system has helped us to improve productivity especially in the area of operation and administration. We are currently planning to expand our operations and they are certainly a partner that we can entrust for more significant project in the future.

Sakari Law College – Hubli

Satish

I feel proud to have made a wise decision in choosing EVI as our partner. It meets all the requirements that a school needs in terms of digital management. I personally have explored all its features and find each of them to be up to the mark and of a global quality standard.
